## FOREHEAD

Frownies, \$54 per box of 144 patches, from Apothecary + Co.  
Like stickers, but stronger and a gentler peel off from skin, Frownies are facial patches that pull the skin to relax strained muscles, allowing the forehead to correct and heal naturally, the aim of which is to diminish deep expression lines.

# WORK

## NOSE

Dermalife Pore Cleanser, \$4.30 for 8 strips, from Sa Sa  
Containing natural charcoal, Dermalife Pore Cleanser strips stubborn impurities and dead skin cells in large pores, with soothing aloe vera to minimise redness. Pores are visibly cleaner after one session.

## CHEEK

SK-II Whitening Source Clearspots, \$148 for 28 applications  
A round shaped gel, SK-II Whitening Source Clearspots uses a "pump-in system" to deliver 12 times the concentrate of SK-II Pitera and Nano-Vitamin E on targeted spots, lightening dark scars and spots.

Nexcare 3M Acne Dressing Patch, \$8.20, from Cold Storage  
What do you do when pimples are red and raw? 3M Acne Dressing Patch absorbs oil and secretion, drying and healing acne. A definite alternative to picking at those pimples, each circular patch is made from hydrocolloid with ethylene oxide that aids in killing and protecting acne from bacteria.
