

Fitness device: The Xformer 'Gym' is for those who are serious about a full body workout.

EXERCISE HELPS

Train your way to an ageless body and timeless face

YOU may be convinced that your age is a "mind thing" until you see your first grey hair or notice that several key areas of your body are heading south. So, why not take advantage of a technology that helps you achieve the ageless face and body that you desire?

TUA VISO Facial Exerciser

Tua Viso is a patented, comprehensible Facial Exerciser that helps firm, tone and lifts delicate face and neck muscles. By exercising the facial muscles, fine lines and sagging skin are

reduced. It is a good alternative to costly invasive cosmetic procedures. Electrostimulation pulses induce precise muscular exercises without provoking any unpleasant pain, even at high intensity.

TUA 360° BodyShaping Belt

TUA 360° suits those with a busy lifestyle. Laboratory experiments conducted on TUA 360° in Italy have reported a success rate of 84.6% in improving skin and muscle tone, reducing excess fat and dimpled skin. Visible inch loss can be achieved after just seven sessions.

Xformer Personal Body Optimiser

For those seeking for a complete body workout, the Xformer is what you need. It is designed for muscular exercise with the aim of training, firming and toning muscles all over the body.

The Xformer has ten programmes: nine work programmes and one set-up programme. It is divided into three basic categories: Sport and Fitness, Beauty, and Rehab.

These products are available at Beauty Impress. It comes with a demo DVD and one year warranty.

Call 03-2287 2522 for a free trial at 51-2 The Boulevard Mid Valley City, Lingakaran Syed Putra 59200 or visit www.BeautyImpress.com for more information.
